DOMINION ORDERS IN COUNCIL.

[Ref. 32,223.]

AT THE GOVERNMENT HOUSE AT OTTAWA

Tuesday, the 16th day of February, 1909.

PRESENT:

HIS EXCELLENCY THE GOVERNOR-GENERAL IN COUNCIL.

WHEREAS representations have been made that rock in place, bearing valuable mineral deposits, has been discovered within the limits of certain forest reserves which were set apart by authority of The Dominion Forest Reserves Act, chapter 14, of 6 Edward VII;

And whereas while the lands which have been set apart by this Act can be dealt with only under Regulations established under the authority of that Act, it was not the intention in the establishment of forest reserves that the development of valuable mineral deposits which might be discovered within the limits thereof, should be thereby prevented,—

Therefore, His Excellency the Governor-General in Council is pleased to order that the Regulations for the disposal of quartz mining claims, established by Order in Council of the 13th day of August, 1908, shall be and the same are hereby extended to lands situated within the limits of reserves established by the Dominion Forest Reserves Act, subject, however, to the following restrictions:—

1. That a Crown Grant shall not be issued for a mineral claim situated within the limits of a forest reserve, but the holder of a mineral claim so situated, who has complied fully with those requirements of the Quartz Mining Regulations which precede the issue of a Crown Grant shall be entitled to a lease of the surface and mineral rights of the claim in connection with which such

requirements have been fully complied with, or a lease of the mineral rights and of such of the surface rights as the Minister of the Interior may consider necessary for the efficient and economical working of the mineral rights granted under such lease.

2. That the term of the lease shall be twenty-one (21) years, renewable for further terms of twenty-one years in each case, provided satisfactory evidence is submitted to show that the lessee has complied fully with the conditions of his lease and the provisions of the regulations.

3. That the grantee or lessee of a mineral claim shall do no unnecessary damage to timber, and will carefully observe all the provisions of all regulations relating to forest reserves.

4. That no trees on the reserve shall be cut by him without the permission of the Superintendent of Forestry, and that when any trees are so cut, he shall carefully clear the ground of all tops and branches and other debris of such cutting, and shall so dispose of them as to prevent danger from fire in accordance with the instructions of the officer in charge of the reserve. If in order to dispose of such debris, it is found necessary to burn it, the lessee of the claim shall give due notice of his intention to do so to the officer in charge of the reserve, and before he proceeds to burn such debris, shall obtain the consent of such officer and shall comply with all the conditions imposed by such officer in regard to such burning.

5. That the lessee shall clear, and at all times keep clear of inflammable material, a space of at least one hundred (100) feet in width surrounding his works or operations.

6. That any engine operated by the power of steam used by him in connection with his works or operations, shall be fitted with efficient spark arresters which shall at all times be kept in a state of good repair.
